By the experience of 75 of your neighbors and friends, keep this fact ever before your mind: The average GAS BILL per month in 75 residences right here in Maysville—where Gas Ranges were in use last summer for the months of June, July, August and September—was \$2.81. Think of 11.9 cents per day. Where are you getting any such value with any 10 cents that you spend? Another means that you can command will work such wonders at so small a cost. Who is there so poor that cannot afford it?

FAVOR BRICK STREETS

Mr. and Mrs. C. A. Hinwell went East last evening on the Fast Flyer, and returning will be at their new home in Florida the latter part of the week, where the groom, as Civil Engineer, is engaged in building bridges.

Special Committee to Report at Monday Night's Council Meeting

At a called session of the City Council Monday evening the Special Committee that visited Ashland, Huntington, Charleston and other cities made report of what they had seen in the shape of streets in those progressive towns; and it's fair to say they saw nothing the likes of ours.

They claim to have cornered the market so far as information goes, and are prepared to deliver the goods at the meeting of the Council next Monday evening.

Their report will favor brick streets, the work to begin at once,—or as soon as it is safe to venture on the present highways without scows.

The first thing to be determined is the method of payment; then comes the most important of all, the method of construction.

If the work is to be done by people who have no practical scientific experience in that line, it will be a useless waste of money.

If the work is to be done by people who are skilled in it, under the control of a Civil Engineer whose business is street building,—and there are such persons,—it will be the very best investment the property owners of Maysville ever made.

MRS. JOHN TOLLE.

The interment will be in Maysville Cemetery.

If you want to know what Pulajanes are, just ask Governor BECKHAM. He will point you to the Kentucky Senate.

THE Ohio House has passed a bill making it larceny for a Bank officer to overdraw his account in his Bank. What a fortunate thing that it doesn't extend to us poor devils whose "balances" are mostly on the right-hand page of the ledger.

Governor BECKHAM's extra session of the Legislature enabled the Honorable YOUNG and the Honorable DREWRY to "show off" in the lobby of the Capital Hotel. Epithets, fists and knives filled the air, and for a time it looked squarely. When statesmen fall out, the monkey hunts a higher limb.

ECONOMY is a virtue much to be admired, even when practiced by lawmakers. One day last week it cost the Government \$1,150 to prevent the Committee on Appropriations raising the pay of one laborer, who weighs the coal that is used in the House of Representatives, from \$60 to \$70 per month. Three hours were wasted in talking over his increase, and finally refusing it. Assuming that members of Congress work seven hours a day, the figures quoted represent the sum they would receive, were they employed by the hour instead of by the year.

CONSISTENCY is a whole jewelry shop. People who argue for Home Enterprises ought themselves patronize Home Enterprises; and thank-ye jobs ought to be given to the fellow who gets the pay jobs.

THE "Reform" that is most needed, especially in Kentucky, is that which will prompt the individual to vote for a sensible businessman rather than a scheming politician to represent him in the Legislature.

THE Department of Justice will take official notice of the lynching in Chattanooga, Tenn., of the Negro JOHNSON, in whose case the Supreme Court of the United States had granted the right of appeal, which acted as a stay of his execution. Steps have been taken by the Department looking to an investigation of the matter. The United States District Attorney for that section will be instructed to make a thorough investigation of the lynching, and if the facts obtained seem to warrant it, proceedings under the Federal statutes will be begun against the participants.

HOW SHE WON.

Bishop Olmstead of Colorado, in an address on perseverance, said:

"Let me underscore this word 'perseverance' with an anecdote about a little girl I used to know."

"This little girl, whose father was a Clergyman, laid abed one day with a bad cold, and in the afternoon, being bored, she decided that she wanted to see her father—to get him to tell her a fairy story, or something of that sort. But the father was busy.

"He is writing his Sunday morning sermon," said the mother, "and he must not be disturbed."

"But I want to see him badly," the little girl persisted.

"No, dear," the mother repeated. "He is busy. We can't interrupt him."

"The little girl, persevering, frowned. She glared at her mother, and, sitting up in bed, she said:

"I am a sick woman, and I want to see my Minister." She saw him.

A FOOLISH PLAN

Tis a joy to eat—I welcome my dinner hour;

Because I rout indigestion with August Flower!

Constipation is the result of indigestion, biliousness, flatulence, loss of appetite, self-poisoning, anemia, emaciation, uric acid, neuralgia in various parts of the system, catarrhal inflammation of the intestinal canal and numerous other ailments that rob life of its pleasures if they do not finally rob you of life itself.

"I'm bound in the bowels," is a common expression of people who look miserable and are miserable—yet who persist in letting nature take its course."

"What a foolish plan, when nature could be aided by the use of Green's August Flower, which is nature's own remedy for constipation and all stomach ills.

August Flower gives new life to the liver and insures healthy stools.

Never has such a stock of handsome Embroidery of all kinds been brought to Maysville. You will think you are in Wanamaker's. Come in and see.

Last week I sent Embroidery and Laces to six large cities—New York, Philadelphia, Baltimore, Cincinnati, Louisville and to Texas. There is a reason; I have the right kind of goods.

Don't fail to see the New Sorosis Near-Silk Petticoats. They are very light in weight, very handsome in style, very cheap in price, and best of all, they will fit better than any other make. See the yoke.

Last spring's styles were shown, but the many new kinks in men's and boys' wearing apparel would indicate that a much longer period had elapsed. All changes in style, finish and fabric are comprised in the splendid array of novelties now on exhibition at the Korrect One-Price Clothier's. No trouble to show you. Respectfully.

A strike in the soft coal fields, involving 400,000 men and plunging America into the greatest industrial war the world has ever known, is certain.

On April 1st, miners will walk out of the collieries, and the work in the fields will be stopped until operators or miners shall have won a victory that will go down in history. President John Mitchell of the Mineworkers delivered his ultimatum to the Joint Scale Committee of miners and operators. He declared there would be no further negotiations unless a material advance in wages was promised the miners. The operators declined positively to concede any advance, and the joint sessions of the scale committee came to an end.

The great 1902 anthracite strike was declared May 12th and ended October 23rd. The estimated total of receipts by the operators was \$46,100,000. The loss in wages to mine employees was \$25,000,000; there was a decrease in freight receipts of transportation companies amounting to \$28,000,000, and incidental losses added many millions more, bringing the aggregate loss far above \$100,000,000.

The miners at this time have approximately \$400,000 in their national treasury and have \$2,600,000 in district, subdistrict and local treasures. There is a little over \$3,000,000 in cash available for a strike fund. The fully paid-up membership is 325,000 men. The per capita defense fund in all of these treasures is little less than \$10 to the man.

Next Sunday will be communion day at the Washington Presbyterian Church, and as it will be the last service of the kind that Rev. W. T. Spears will administer, it is hoped that a full attendance will be had.

DECIDE YOURSELF.

The Opportunity is Here, Backed By Maysville Testimony.

Don't take our word for it. Don't depend on a stranger's statement. Read Maysville endorsement. Read the statements of Maysville citizens. And decide for yourself. Here is one case of it:

Mrs. Mary Thomas, wife of J. A. Thomas of 204 Limehouse street, Maysville, Ky., says:

"I am only too pleased to confirm the statement I made in the spring of 1900 recommending Doan's Kidney Pills, after they had relieved me of backache and other symptoms of kidney trouble. I got them at J. Jas. Wood & Son's Drugstore. During the time that have elapsed since I made that statement I have had occasion to give Doan's Kidney Pills a further trial and I have found that it requires only a few doses to ward off attacks of kidney trouble or to check them before they become serious. I can also point to the case of my boy, twelve years old, who at the time I first used Doan's Kidney Pills was troubled a great deal with weakness of the kidneys and could not control the secretions properly. I gave him Doan's Kidney Pills and he improved rapidly under the treatment. Therebefore he had passed last night and from his experience and mine I am certainly warranted in recommending Doan's Kidney Pills."

WORMS

"I had for years suffered from what medical men called Dyspepsia and Catarrh of the Stomach. In August I purchased a box of Cascarets and was surprised to find that I had 'em"—yes—a wiggling, wriggling mass left in the box. I took a pinch and a surprise when I showed him thirty feet, and in another day the remainder (about the same length) of a tape-worm was
